August 2010

No1

Now that the summer is drawing to a close it is time to think about indoor shooting and the Middlesex Worcester Postal League

INVITATION

This is your invitation to take part in the 2010/2011 Middlesex County Archery Association's Postal Worcester League this winter.

Attached is the entry form which should be grateful if you would complete for each team you will be entering and return to me with a cheque made out to MCAA by 1st October 2010.

It has been agreed that clubs can enter a second team this winter, and if there are at least two 2nd teams a separate division will be run for them. Attached are the Rules of the League which have been amended to take into account this new arrangement.

Timetable

During October I will allocate teams to divisions and let Clubs know the outcome in good time for the start of the matches in November. This Newsletter will be sent to all Club Secretaries and to the Worcester League contacts from 2009-2010. I hope this year that everyone will be contacted in time so that entries can all be received before the deadline so that no one is disappointed.

Trophies

Since the award ceremony in May, two further trophies have been returned. These have been reallocated to be Compound and Longbow team trophies. They are presently being engraved and will be passed on to Hampstead and Aquarius respectively as soon as they come back from the engravers.

Looking forward to an interesting winter season
